**Subject:** FIRST ANNUAL REGION 10 NUTRIENTS ROUNDTABLE, MARCH 4, 2015 10:00 AM – 3:30 PM PT  
**Attachments:** 1st\_annual\_3\_4\_15\_roundtable\_agenda\_draft\_final.pdf

Please see the attached agenda for:

**FIRST ANNUAL REGION 10 NUTRIENTS ROUNDTABLE\***  
**MARCH 4, 2015 10:00 AM – 3:30 PM (Pacific Time)**

**Background:** In February 2014, EPA held the “Nutrients Roadshow” to discuss nutrient issues and challenges around Region 10. It kickstarted a regional dialogue on nutrients, which will be continued with our Annual Nutrient Roundtable meetings.

**Purpose:** To discuss current scientific and technical information on nutrient problem assessment and control. We will discuss what problems state and tribal governments are currently grappling with on nutrients and new scientific advances in addressing nutrient issues.

**Who:** State and tribal water quality staff and researchers, including technical staff who work on nutrient issues. Others who work on or have interest in nutrient issues are welcome to attend and take part in the discussions.

**Where:** Please join us at EPA Region 10 in Seattle, WA on March 4<sup>th</sup>, 2015. For those unable to travel, there will be a webinar and conference line option (info on the attached agenda). Please note that no specific funds are available from EPA to support travel to the meeting. ***Please RSVP by 2/25/15 if you have not done so already, and specify if you will be coming to Seattle or will be on the webinar so that we have enough space available. If you come to Seattle, please check in at the guard's desk on the first floor, and you will be escorted to the 21<sup>st</sup> floor for the meeting. Please plan to arrive by 9:30 AM, as the meeting will start promptly at 10AM.***

**To RSVP and for logistics questions:** Please contact me by phone at 206-553-1172 or by email – [Labiosa.rochelle@epa.gov](mailto:Labiosa.rochelle@epa.gov). *If you have something you would like to share in addition to the agenda, we are reserving space at the end for some brief updates. Please contact me by 2/25 if you have a couple of slides or other info you would like to share with the group at that time.*

\*you are receiving this email if you attended R10's Nutrient Roadshow in February 2014, are on our water quality standards coordinators list, or are presenting at the Roundtable. All are welcome to attend.
